

## DID YOU KNOW?

The average dog poops two to three times per day. This means that in one week, a single pooch can produce up to 21 piles of poop!

As you can see,

Poop happens. And let's face it, NO ONE wants to hang out in a yard full of landmines. No one wants to smell it, step in it, or worse, scoop your pet's poos. You probably can't even get the kids to do it without a fight. Wouldn't it be awesome if there were real life turd burglars to help you with this problem?

We service residential and commercial properties, veterinary clinics, kennels, all dog businesses and dog-friendly stores, hotels, dog parks (and people parks), and more. We can schedule your cleaning weekly, bi-weekly, monthly or even as a one-time only clean up. Our affordable rates are based on the frequency of visits and the number of dogs you own.

We are now extending our services beyond the Eugene/Springfield area to encompass the entirety of the Willamette Valley (including Portland and its surrounding communities).
